Print this page. In Grade 6, instructional time should focus on four
critical areas: (1) connecting ratio and rate to whole number
multiplication and division and using concepts of ratio and rate to
solve problems; (2) completing understanding of division of fractions
and extending the notion of number to the system of rational
numbers, which includes negative numbers; (3) writing, interpreting,
and using expressions and equations; and (4) developing
understanding of statistical thinking.
