Educators are being challenged as never before to invite reality into the classroom and allow students to explore it. This book will help you meet the challenge. Primary sources are the very documents that history is made of, the images that science is based on, the raw material of our lives. They are also excellent tools to teach the critical thinking skills required by the Common Core State Standards. This book reveals in detail the strategies you can use to make primary sources come alive for your students and to enhance visual literacy, using fascinating photographs and powerful primary source texts.

comprehension and critical thinking skills, each including a reading passage, a primary source document, and comprehension questions.

The neighbors aren't too happy about Henry and his beat-up old house. Why doesn't he clean it up, and weed his garden and sweep his walk? Henry's got better things to do. Tired of being bothered, he finally gets fed up and moves away. The funny thing is, nobody's really happy when he does--not the neighbors, and not Henry. Here is a wise and witty tale about different kinds of people learning to get along.

Instead of being rescued from a plane crash, as in the author's book "Hatchet," this story portrays what would have happened to Brian had he been forced to survive a winter in the wilderness with only his survival pack and hatchet.
