Understanding the main concepts of IFRS Standards The fourth edition of Applying IFRS Standards explains the core principles of International Financial Reporting (IFRS) Standards. It also addresses the skills needed to apply the standards in business environments. The book begins with an overview of the International Accounting Standards Board (IASB) and how it establishes accounting standards. The general book topics are then

# Online Library Applying International Financial

covered in detail and include: income taxes, financial instruments, fair value measurement, property, inventories, employee benefits and more.

Discussion questions, exercises and references are provided throughout the book.

The core focus of this text remains on the interpretation, analysis, illustration and application of the scope and purpose of the financial reporting processes under IFRS.

Written for intermediate and advanced financial reporting courses, both at undergraduate and post

# Online Library Applying International Financial Reporting Standards

graduate level.

## Solutions Manual

International Financial Reporting Standards: A Framework-based Perspective links broad concepts and general accounting principles to the specific requirements of IFRS to help students develop and understand the judgments required in using a principle-based standard. Although it is still unclear whether the US will adopt IFRS, the global business environment makes it necessary for accounting students and professionals to be bilingual in both US GAAP and IFRS. This comprehensive textbook

# Online Library Applying International Financial

Reporting Standards  
Solutions Manual

offers: A clear presentation of the concepts underlying IFRS A conceptual framework to guide students in interpreting and applying IFRS rules A comparison between IFRS and US GAAP to develop students' understanding of the requirements of each standard Real world examples and case studies to link accounting theory to practice, while also exposing students to different interpretations and applications of IFRS End of chapter material covering other aspects of financial reporting, including international auditing standards, international

# Online Library Applying International Financial

ethics standards, and corporate governance and enforcement, as well as emerging topics, such as integrated accounting, sustainability and social responsibility accounting and new forms of financial reporting. Burton & Jermakowicz have crafted a thorough and extensive tool to give students a competitive edge in understanding, and applying IFRS. A companion website provides additional support for both students and instructors.
