Army." FM 7-22.7 provides the Army's noncommissioned officers a guide for leading, supervising and caring for soldiers. While not all-inclusive nor intended as a stand-alone document, the guide offers NCOs a ready reference for most situations. The Army NCO Guide describes NCO duties,

responsibilities and authority and how they relate to those of warrant and commissioned officers. It also discusses NCO leadership, counseling and mentorship and the NCO role in training. Of particular use are the additional sources of information and assistance described in the manual. The Army

NCO Guide provides information critical to the success of today's noncommissioned officers. This manual is for all NCOs of the Army, both active and reserve component. While especially important for new NCOs, this book will be useful to junior officers as well. Every NCO will benefit from reading and

Understanding FM
7-22.7.

This regulation prescribes policies, procedures, and responsibilities for developing, managing, and conducting Army training and leader development.

Competent leaders of character are necessary

Download Free Army Slrrt

for the Army to meet the challenges in the dangerous and complex security environment we face. As the keystone leadership manual for the United States Army, FM 6-22 establishes leadership doctrine, the fundamental principles by which Army leaders act to accomplish their mission and care for their people. FM 6-22

applies to officers,
warrant officers,
noncommissioned
officers, and enlisted
Soldiers of all Army
components, and to
Army civilians. From
Soldiers in basic
training to newly
commissioned officers,
new leaders learn how
to lead with this manual
as a basis. FM 6-22 is
prepared under the

direction of the Army Chief of Staff. It defines leadership, leadership roles and requirements, and how to develop leadership within the Army. It outlines the levels of leadership as direct, organizational, and strategic, and describes how to lead successfully at each level. It establishes and describes the core leader

competencies that facilitate focused feedback, education, training, and development across all leadership levels. It reiterates the Army Values. FM 6-22 defines how the Warrior Ethos is an integral part of every Soldier's life. It incorporates the leadership qualities of self-awareness and

adaptability and
describes their critical
impact on acquiring
additional knowledge
and improving in the
core leader
competencies while
operating in constantly
changing operational
environments. In line
with evolving Army
doctrine, FM 6-22
directly supports the
Army's capstone

manuals, FM 1 and FM 3-0, as well as keystone manuals such as FM 5-0, FM 6-0, and FM 7-0. FM 6-22 connects Army doctrine to joint doctrine as expressed in the relevant joint doctrinal publications, JP 1 and JP 3-0. As outlined in FM 1, the Army uses the shorthand expression of BE-KNOW-DO to

Download Free Army Slrrt

concentrate on key
factors of leadership.

What leaders DO
emerges from who they
are (BE) and what they
KNOW. Leaders are
prepared throughout
their lifetimes with
respect to BE-KNOW-
DO so they will be able
to act at a moment's
notice and provide
leadership for whatever
challenge they may

face. FM 6-22 expands on the principles in FM 1 and describes the character attributes and core competencies required of contemporary leaders. Character is based on the attributes central to a leader's make-up, and competence comes from how character combines with knowledge, skills, and behaviors to result

in leadership.

Inextricably linked to the inherent qualities of the Army leader, the concept of BE-KNOW-DO represents specified elements of character, knowledge, and behavior described here in FM 6-22.

We print this book so you don't have to. First you gotta find a good clean (legible) copy and make sure it's

the latest version (not always easy). Some documents found on the web are missing some pages or the image quality is so poor, they are difficult to read. We look over each document carefully and replace poor quality images by going back to the original source document. We proof each document to make

sure it's all there -
including all changes. If
you find a good copy,
you could print it using
a network printer you
share with 100 other
people (typically its
either out of paper or
toner). If it's just a
10-page document, no
problem, but if it's
250-pages, you will
need to punch 3 holes in
all those pages and put it
