The inspirational memoir of the Canadian boxer who fought some of the greatest heavyweights in history, including Muhammad Ali and Joe Frazier, but lost everything outside the ring. From a tough Toronto childhood as the only son of immigrant parents, through a twenty-three-year career that earned him induction into the World Boxing Hall of Fame, to the public tragedies that decimated his family long after the cheering stopped, George Chuvalo tells his life story as only he can. Chuvalo was the longest-reigning champion in Canadian boxing history. After teaching himself the basics, he turned pro as an eighteen-year-old in 1956 and over the next twenty-three years fought some of the sport's greatest names: Joe Frazier, George Foreman and, most famously, Muhammad Ali (twice). Since retiring from the ring in 1979, Chuvalo has had to come to terms with a series of crushing body blows. His youngest son, a heroin addict, died of a self-inflicted gunshot wound. Two other sons died from heroin overdoses. His first wife, overcome with grief, took her own life. Yet Chuvalo has stoically fought back. He formed his Fight Against Drugs foundation in 1996 and has spent the past seventeen years travelling across Canada and to parts of the United States, talking to tens of thousands of students and young adults about what happened to his family. An inspirational story of a Canadian icon, Chuvalo is both a top-flight boxing memoir and a poignant, hard-hitting story of coping with unimaginable loss.

The inspirational true story of a man who fought some of the finest boxers of all time, including Muhammad Ali and Joe Frazier, but lost so much outside of the ring. From his tough childhood as the only son of immigrant parents in Toronto, through the 23-year career that earned him induction into the World Boxing Hall of Fame and the public tragedies that decimated his family long after the cheering stopped, this is George Chuvalo's own story, told as only he can tell it. Chuvalo fought several of the top boxers of the twentieth-century: Joe Frazier, George Foreman, and most famously, Muhammad Ali. Despite fighting nearly one hundred times as a professional, Chuvalo was never knocked down-not until his family was devastated by drugs and suicide was the big man sent reeling. Chuvalo is a top-flight boxing memoir but also a poignant and hard-hitting story of a man's family life nearly destroyed.

George Chuvalo only wanted one thing: to become a boxer. When Chuvalo stepped into the ring, he was fearless. In ninety-three professional fights between 1956 and 1979, boxing everyone from George Foreman to Muhammad Ali, he was never once knocked out. But this heavyweight boxing legend never had it easy. After losing many loved ones to drugs, Chuvalo has also become a role model out of the ring by speaking out and fighting against addiction. [Fry Reading Level - 4.8]

They won, they lost, they were scorned or cheered, but they got in the ring with the champ. Muhammad Ali through the stories of 15 of his opponents — an incredible cross-section that reveals Ali as never before. Every fighter who got into the ring with Ali shone brighter as a result; no life or career could be the same afterwards. Stephen Brunt, Canada's most respected sports writer, has travelled to meet the men who fought Ali, opening a new perspective on the most famous man on the planet. They include great champions and "tomato cans", no-hopers and a few men who beat Ali; by turns triumphant and tragic, hilarious, uplifting and angry, each tells a different story. Brunt speaks to men like Joe Frazier and Larry Holmes, who remember their titanic bouts with Ali with love and rancour. In 1963 Henry Cooper's perfect left hook floored Ali — but he was saved by the bell and some ringside shenanigans. Cooper's moment still helped make " 'Ammerin' 'Enry" into Sir Henry Cooper, while the little-known Jurgen Blin returned from facing Ali in Zurich straight to his job at a sausage factory. The men he fought can tell us about Ali the boxer as no-one else can. But they also saw Ali invent himself as a media personality before such a thing existed. They were there when Ali's personality and courage, his controversial beliefs and his refusal to play the parts assigned to him, indelibly changed the United States and the world. Stephen Brunt has fashioned their stories into an engaging portrait of the man who remains a phenomenon. "That night I could have beaten Godzilla. I was that sure of myself. And in that kind of shape, I could have fought for fifty rounds, easy. I was just so cocky at that point. I knew before the bell rang, in my head and in my camp, that I was going to win the fight. . . . After the decision was announced, I went right to Howard Cosell and said, 'What do you say now, Howard?'" -- Ken Norton "When Ali was down, I remember saying to my ringman Al Braverman, 'Start the car, we're going to the bank, we're millionaires.' And Al said, 'You'd better turn around. Because he's getting up, and he looks pissed off.'" -- Chuck Wepner

A gripping, all-access biography of Joe Frazier, whose rivalry with Muhammad Ali riveted boxing fans and whose legacy as a figure in American sports and society endures History will remember the rivalry of Joe Frazier and Muhammad Ali as one for the ages, a trilogy of extraordinary fights that transcended the world of sports and crossed into a sociocultural drama that divided the country. Joe Frazier was a much more complex figure than just his rivalry with Ali would suggest. In this riveting and nuanced portrayal, acclaimed sports writer Mark Kram, Jr. unlinks Frazier from Ali and for the first time gives a full-bodied accounting of Frazier's life, a journey that began as the youngest of thirteen children packed in small farm house, encountering the bigotry and oppression of the Jim Crow South, and continued with his voyage north at age fifteen to develop as a fighter in Philadelphia. Tracing Frazier's life through his momentous bouts with the likes of Ali and George Foreman and the developing perception of him as the anti-Ali in the eyes of blue-collar America, Kram follows the boxer through his retirement in 1981, exploring his relationship with his son, the would-be heavyweight Marvis, and his fragmented home life as well as the uneasy place that Ali continued to occupy in his thoughts. A propulsive and richly textured narrative that is also a powerful story about race and class in America, Smokin' Joe is unparalleled in its scope, depth, and access and promises to be the definitive biography of a towering American figure whose life was galvanized by conflict and whose mark has proven lasting.

The story of boxing legend Jerry Quarry has it all: rags to riches, thrilling fights against the giants of the Golden Age of Heavyweights (Ali—twice, Frazier—twice, Patterson, Norton), a racially and politically electric sports era, the thrills and excesses of fame, celebrities, love, hate, joy, and pain. And tragedy. Like the man he fought during two highly controversial fight cards in 1970 and '72—Muhammad Ali—boxing great Jerry Quarry was to suffer gravely. He died at age fifty-three, mind and body ravaged by Dementia Pugilistica. In *Hard Luck*, "Irish" Jerry Quarry comes to life—from his Grapes of Wrath days as the child of an abusive father in the California migrant camps to those as the undersized heavyweight slaying giants on his way to multiple title bouts and the honor of being the World's Most Popular Fighter in '68, '69, '70, and '71. The story of Jerry Quarry is one of the richest in the annals of boxing, and through painstaking research and exclusive access to the Quarry family and its archives, Steve Springer and Blake Chavez have captured it all.

Olympic gold medalist. Two-time world heavyweight champion. Hall of Famer. Infomercial and reality TV star. George Foreman's fighting ability is matched only by his acumen for selling. Yet the complete story of Foreman's transition from an urban ghetto to global celebrity has never before been told. Raised in Houston's "Bloody Fifth" Ward, battling against scarcity in housing and food, young Foreman fought sometimes for survival and other times just for fun. But when a government program rescued him from poverty and introduced him to the sport of boxing, his life changed forever. In *No Way but to Fight*, Andrew R. M. Smith traces Foreman's life and career from Great Migration to Great Society, through the Cold War and Culture Wars, out of urban Houston and onto the world stage where he discovered that fame wrought new challenges. Drawing on new interviews with George Foreman and declassified government documents, as well as more than fifty domestic and international newspapers and magazines, Smith brings to life the exhilarating story of a true American icon. *No Way but to Fight* is an epic worthy of a champion.

The author tells the tale of a fight between Muhammad Ali and George Foreman in Kinshasa, Zaire, in 1975, for which each fighter was paid five millions dollars.

When Muhammad Ali met Joe Frazier in Manila for their third fight, their rivalry had spun out of control. The Ali-Frazier matchup had become a madness, inflamed by the media and the politics of race. When the "Thrilla in Manila" was over, one man was left with a ruin of a life; the other was battered to his soul. Mark Kram covered that fight for *Sports Illustrated* in an award-winning article. Now his riveting book reappraises the boxers -- who they are and who they were. And in a voice as powerful as a heavyweight punch, Kram explodes the myths surrounding each fighter, particularly Ali. A controversial, no-holds-barred account, *Ghosts of Manila* ranks with the finest boxing books ever written.

"Based on more than 500 interviews, including Muhammad Ali's closest associates, and enhanced by access to thousands of pages of newly released FBI records, this is a ... story of a man who became one of the great figures of the twentieth century [boxing world]"--
