How to Write a Code of Ethics and Code of Conduct: 1. Review your mission statement and core values. The goal of a code of ethics is to help employees make decisions that are in line with what the company or organization values. This should be distilled into your mission statement and core values, so it's a good place to start. 2. Talk to stakeholders.

The Code of Ethics (the Code) of the American Sociological Association (ASA or the Association) sets forth the principles and ethical standards that underlie sociologists' scientific and professional responsibilities and conduct.

### *Code of Ethics | American Sociological Association*

A code of ethics is a beginning, not an end. The very idea of parcelling ethics into a formal 'code' is also dangerous, if it leads to the attitude that ethics itself is just some separate part of life and of activities; it's not. It's more meaningfully looked at as a part and parcel of how we live, individually and collectively.
