One book I speak of in particular is Andrieh Vitimus ' s “ Hands on Chaos Magick ” . During the heaviest portion of my involvement with chaos magick, I would scour the local bookstores and Borders for any sort of occult tome that was up to snuff. No energetic woo-woo shit, no neutered and fluffy personifications of Nature to be worshiped, and nothing that smacked of Victorian, high-minded sensibilities about “ Ye Arte Magickal ” that reduced it all to an amateur play-write ' s social club.

This irreverent guide to chaos magic emphasizes experimentation and finding out what works best for you. Andrieh Vitimus presents a revolutionary hands-on course of study for the average Jane or Joe. Vitimus banishes the severe tone of other esoteric orders, offering an accessible and practical approach that makes it easier to perform successful chaos magic that is uniquely your own. Praise: "Andrieh Vitimus is the real deal...honest-to-gods, in-your-face magic. Hands-On Chaos Magic is just what it says, and the next best thing to working with the master himself." --Lon Milo DuQuette, author of *The Magick of Aleister Crowley*, *Homemade Magick*, and *Low Magick* "A must-have for any magician." -- Taylor Ellwood, author of *Multi-Media Magic* "Written with intelligence, experience, and a genuine desire to empower readers." --Raven Digitalis, author of *Shadow Magick Compendium* "A usable introduction to the concepts and practical techniques of chaos magic."--Donald Michael Kraig, author of *Modern Magick* "A well-considered and thorough contribution to the chaos magic current."--Dave Lee, author of *Chaotopia*

Two complete volumes in one. *Liber Null* contains a selection of extremely powerful rituals and exercises for committed occultists. *Psychonaut* is a manual comprising the theory and practice of magic aimed at those seeking to perform group magic, or who work as shamanic priests to the community.

MAGICK IS REAL Once you see that reality is yours to shape, its time to turn off the TV, put your boots on, get off the couch, and go change the world. What is this Book? A compendium of three occult texts: *Post-Modern Magick* - An eclectic and deconstructionist non-system of reality shaping, self-initiation and exploration based on personal relevance and free form magick. *Blood Magick* - A synthesis of ancient tradition and contemporary innovations designed for both the discerning adept seeking to incorporate blood into existing disciplines and beginning practitioners taking their first steps into the occult world. *Tactical Magick* - A patchwork system of pop-culture sorcery, techno-alchemy, and hermetic street magick. An approach based on learning from the plight of those less fortunate and building upon their techniques to create an eclectic grimoire of daily survival. To complement these texts are my present thoughts on the subject of magical dynamism, which is my fancy way of saying Chaos Magick. The book is also peppered with quotes, boasts, and challenges across the spectrum of life and magick. Who Are You? Obviously Seth Cardorra is not my real name, though for the purpose of this book, my name is not important. My life experiences and continued magical study have helped to enrich the works I have previously penned, and this edition is the best way to share. **DO IT NOW, MAKE IT EPIC.**

A complete, advanced magical training course for the individual or for groups, with details of the author's magical order, an outline for setting up a temple, and instructions for carrying out the essential rituals of Chaos Magic. Includes a fresh look at aeonics, cosmogenesis, auric magic, and shadow time, as well as discloses the technical aspects of spells and equations. Illustrated. Appendices. References.

"Examines the theory behind many techniques used in magical, artistic, religious, and scientific systems of thought; then links and applies them towards desired goals"--Back cover verso.

The years since the financial crash have seen the realization dawn that the great promise of modern civilization will go unfulfilled. Study hard, work hard, buy a house, retire happy. It's all a lie, spun for the benefit of a tiny elite. The richest eighty-five people on earth have as much wealth as the poorest 3.5 billion. Each month, the numbers change but they never improve. Magical and spiritual discourse has failed to keep up with this new reality. The Chaos Protocols aims to fix that. Join Gordon White as he shows you how to use chaos magic not only to navigate these trying times, but to triumph as well. Discover how to become invincible through initiation, and wage the mind war that will keep you moving toward what you really want. From sigil magic to working with spiritual allies, The Chaos Protocols helps you act on the unwavering belief that your life should matter and you're not going to let something as trifling as the apocalypse get in the way of it. Praise: "Gordon White gives a master class on the hard economic realities and the kind of low down and dirty magic for which he has become famous. Pragmatic, sharp, and funny, The Chaos Protocols is a treasure of a book."—Peter Grey, author of *Apocalyptic Witchcraft* "Take two parts Magick Without Tears, a measure of *The Wealth of Nations*, a pinch of Ian Fleming and a dash of Noel Coward and you have this almost promiscuously readable text. Whoever said books on magick can't be fabulously entertaining as well as eminently practical has obviously not read up on their Gordon White. Remedy that situation."—Chris Knowles, author of *The Secret History of Rock n' Roll and Our Gods Wear Spandex*

A witty and iconoclastic commentary on magick and modern occult subculture by one of the founders of Chaos Magick. This book contains astonishing, controversial and revolutionary ideas on the theory and practice of magick, the structure of the universe and the nature of the mind. It holds many surprises as it challenges many of the conventional assumptions and paradigms of magick. Filled with practical techniques, the book will give you the means to undo the fallacy of "being" and reach "sideways" into imaginary time to accomplish magic(k). Done in the style of Aleister Crowley's "Book of Lies", and humorously illustrated, this book is a must for all Chaoist and Western magicians.

Embracing the darkness is part of divine balance. Everyone has a shadow, a dark side. Exploring the shadow self is not only safe, it's necessary for balance and healing. The author of *Goth Craft* invites you down a unique magical path for navigating inner and outer darkness and harnessing the shadow for spiritual growth. *Shadow Magick Compendium* sheds a positive light on this misunderstood and rarely discussed side of magical practice. There are ritual meditations for exploring past experiences, dispelling harmful behavior patterns, and healing a fractured soul. Learn how to safely fast and perform other methods of self-sacrifice, invoke a deity into yourself (godform assumption), get in touch with your Spirit Animal, take advantage of the Dark Moon and eclipses, and perform a unique ritual with your television for a new perspective on society. From astral journeys to sigils to dark herbs, you'll find an array of magical techniques to navigate the shadows and mysteries of yourself and the world at large.

An introduction to the Western tradition of magic offers the novice magician instruction on trance work, divination, and enchantment.

Smith examines how magical practices can be explained by scientific disciplines while also exploring how to integrate science and sorcery together. He discusses how to incorporate elements of earlier magical systems with contemporary sorcery and quantum physics and how to use scientific principles to improve one's magical practice.
