How to Tell if a Man Wants You for a Lifetime or Only for the Moment Men don't really have "commitment issues." At least, not in the way most women think men do. When a man tells you he has "commitment issues", there's a good chance that what he REALLY means is he's not that interested in you and is just using you to pass time with until he meets someone "better." When a man isn't interested in a relationship with you, his "commitment issues" are nothing more than an excuse to waste your time and reap the benefits of your decision to stay with him in order to "see where this thing goes." It's at this point where many women make one of the worse dating decisions possible, as they choose to remain with a

half-interested man, hoping that over time they'll be able to "lull" him into a serious commitment. The Biggest Reason Why Men Pull Away and Suddenly Lose Interest Women often wonder why men pull away and lose interest in a blossoming romance without so much as a warning. Though there could be a ton of reasons why a man might pull away, the most common reason for his loss of interest is this: he wasn't THAT interested in you to begin with. In general, even though men are more than able to commit to a woman once certain conditions in their life are met, they will not directly inform you when you're not the right girl for them or that now isn't the right time for them to take a woman seriously. And because men are far more opportunistic when it comes to dating, a lot of guys won't hesitate to take advantage of a dating situation that reaps high rewards with as little effort possible. How to Avoid Dating Men Who Will Keep You Unloved and Perpetually Unclaimed No matter which way you look at it, even though men don't really have commitment issues, they don't find it necessary or in their best interest to inform a woman when she's nothing more than a beautiful distraction, a way to earn the respect of his peers, or just a target to sharpen his seduction skills so that he'll be primed and ready when a "better" woman comes along. This is the ugly truth, but there's hope. In this book, you'll get an inside look at how a man thinks and interacts with a woman when he's not that interested in her. women to date their "non-types." After years of dating, many women fall into a relationship rut. As serial daters, they are attracted to the same type of man time and again. Clearly, something's not working. But the problem is not that he's just not that into them—the reality is, he's just not their type. Relationship expert and life coach Andrea Syrtash hears the disbelief in her clients' voices when they admit that their "Mr. Right" relationship has again gone wrong. In *He's Just Not Your Type*, Syrtash challenges readers to date outside their comfort zones and poses hard-hitting questions: What if the kind of man they think will make them happy never will? What would happen if they dated someone they'd never considered dating? In each chapter, Syrtash shares stories of women who have found lasting happiness with their non-types (NTs) and provides exercises designed to help readers assess their big-picture goals and core values. In doing so, she shows women how to make better choices in dating so they are more likely to find true love.

Men not interested in sex? Can this really be true? It is for the estimated 20 million American men and women who are in relationships in which the man has stopped being sexually intimate. This breakthrough book reveals the counterintuitive truth: Many men are just not up for it anymore. To find out why, bestselling author and relationship expert Dr. Bob Berkowitz and his wife, Susan Yager-Berkowitz, began an unprecedented survey of more than 4,000 men and women in this situation, gathering data and following up with hundreds of interviews with selected respondents. Why don't these men want to have sex? Is the problem physical, emotional, or psychological—or are these guys simply bored with their partners? Is it unexpressed anger about other aspects of their relationships? Are they depressed? Now that there is limitless access to pornography, are some men no longer able to be turned on without it? Are they becoming satiated? Do they have a fully functioning libido, just not for their wives? Or is decreased interest in sex just an unacknowledged but natural fact of life for a lot of men? Do they want their libidos back? Further, how do their partners feel about this? Are they dejected or relieved? Do they suspect infidelity, asexuality or homosexuality, or just blame themselves? What are they doing about it? What can they do? He's Just Not Up for It Anymore provides a unique window into the sexless man's mind—so that men and women can understand this important issue and begin to address the problems that have inhibited
