In the fall of 1930, David Packard left his hometown of Pueblo, Colorado, to enroll at Stanford University, where he befriended another freshman, Bill Hewlett. After graduation, Hewlett and Packard decided to throw their lots in together. They tossed a coin to decide whose name should go first on the notice of incorporation, then cast about in search of products to sell. Today, the one-car garage in Palo Alto that housed their first workshop is a California historic landmark: the birthplace of Silicon Valley. And Hewlett-Packard has produced thousands of innovative products for millions of customers throughout the world. Their little company employs 98,400 people and boasts constantly increasing sales that reached \$25 billion in 1994. While there are many successful companies, there is only one Hewlett-Packard, because from the very beginning, Hewlett and Packard had a way of doing things that was contrary to the prevailing management strategies. In defining the objectives for their company, Packard and Hewlett wanted more than profits, revenue growth and a constant stream of new, happy customers. Hewlett-Packard's success owes a great deal to many factors, including openness to change, an unrelenting will to win, the virtue of sustained hard work and a company-wide commitment to community involvement. As a result, HP now is universally acclaimed as the world's most admired technology company; its wildly successful approach to business has been immortalized as The HP Way. In this book, David Packard tells the simple yet extraordinary story of his life's work and of the truly exceptional company that he and Bill Hewlett started in a garage 55 years ago.

The Laptop Repair Workbook includes twelve full page troubleshooting flowcharts for laptop hardware troubleshooting and explanatory text for every decision point. The book begins with an introduction to basic laptop terminology, troubleshooting procedures, and cost decisions. Supplementary illustrated tests and procedures are available on the publisher's website, www.fonerbooks.com. An ebook version is also available direct from the publisher.

The account of one of the deadliest and most mysterious tragedies in mountaineering history--the 2008 K2 disaster. One Mountain Thousand Summits reveals the true story of the K2 tragedy that claimed the lives of eleven men. Based on his numerous trips to Nepal and in-depth interviews he conducted with the survivors, the families of the lost climbers, and the Sherpa guides whose heroic efforts saved the lives of at least four climbers, Freddie Wilkinson's narrative uncovers what actually occurred on the mountain, while delivering a criticism of the mainstream press's incomplete coverage of the event, and an insightful look into the lives of the six Sherpas who were involved.

Forget getting older gracefully--This is the beauty and style bible every woman has been waiting for!HOW NOT TO LOOK OLD is the first--ever cheat sheet of to-dos and fast fixes that pay-off big time--all from Charla and her friends, the best hair pros, makeup artists, designers, dermatologists, cosmetic dentists and personal shoppers in the biz. Packed with eye-opening details on hair color, brows, lipstick, wrinkle-erasers, jeans, shapewear, jewelry, heels, and more, the book speaks to every woman: from low maintenance types who don't want to spend a fortune or tons of time on her looks to high maintenance women who believe in looking fabulous at any price. There's also too-old vs. just-right before and after photos, celebrity examples of good and bad style, shopping lists of Charla's brilliant buys in fashion and beauty products, coveted addresses of "Where the top beauty pros go," fun sidebars--and more. Known to national audiences from her ten years on NBC's Today show, style expert Charla Krupp dishes out her secrets in this "ultimate" to-do list for looking hip and fabulous -- no matter what your age.
