Internal audit's work - which follows a risk-based approach - is planned annually and is subject to quarterly review. This allows Grigor to review the audit plan and to re-balance resources if necessary, including additional co-sourcing arrangements. Presently, 54% of the function's time is aligned with the organisation's key risks.

## **Internal Audit in Practice - National Audit Office**

Internal audit must audit or review compliance just like any other area within the company. This is included in the Basel Committee on Banking Supervision regulation, which specifically states that compliance and internal audit duties should be separate. The reason: to ensure that the activities of the compliance function are subject to independent review and, in this way, to check its effectiveness.
