ISO - ISO 9001:2015 for Small Enterprises - What to do?

About the ISO 9001:2015 for Small Enterprises Handbook. The early parts of this document closely parallel ISO 9001:2015, since they discuss the choices in implementing a quality management system, including the decision of making use of one at all. The main difference with the handbook is that it provides guidance on external places that the organization can refer to for support in establishing their quality management system, even covering the topic of hiring a consultant.
