The Korean War has often been called the "forgotten war," and even though there were almost as many American casualties as in Vietnam, in many ways it has been. There is still not a memorial to the war in Washington. It was a war of movement as well as stalemate. It commenced in June, 1950, with a North Korean invasion of the South.

"Korean Theatre: From Rituals to the Avant-Garde is the most comprehensive book on Korean theatre which covers from ancient rituals to the modern theatre. It is an essential book for anyone who is interested in theatre or Korean theatre . . . The research that went in to make this book possible can only be described as phenomenal." Alyssa Kim, Ph.D. Hankuk University of Foreign Studies "The book has a clear, understandable organization. Professor Cho's prose is succinct, readable, and void of fashionable academic jargon. I find the chapter beginning-historical context very useful, most especially those surrounding and shaping Korean theatre since the 1950s. The early chapters on masked-dance plays

Seoul is a colossus both in its physical presence and the demand it places on any intellectual effort to understand it. How did it come to be? How can a city this immense work? Underlying its spectacle and incongruities is a city that might be described as ill at ease with its own past. The bitter rifts of Japanese colonization persist, as does the troubled aftermath of the Korean War and its divisions; the economic "Miracle on the Han" that followed is crosscut by memories of the violent dictatorship that drove it. In Seoul, author Ross King interrogates this contested history and its physical remnants, tacking between the city's historiography and architecture, with attention to monuments, streets, and other urban spaces. The book's structuring device is the dichotomy of erasure and memory as necessary preconditions for reinvention. King traces this phenomenon from the old dynasties to the Japanese regime and wartime destruction; he then follows the equally destructive reinvention of Korea under dictatorship to the brilliant city of the present with its extraordinary explosion of creativity and ideas—the post-1991 Hallyu, the Korean Wave. The final chapter returns to questions of forgetting and memory, but now as "conditions of

possibility for what would seem to underlie the present trajectory of this extraordinary city and culture. Seoul can be read, King suggests, in the context of the hybrid ideas that have characterized Korean cultural history. It may be their present eruption that accounts for the city of contradictions that confronts the contemporary observer and that most extraordinary of Korean phenomena: the rise of an alternative, virtual world, eclipsing both city and nation. Has the very idea of Korea been reinvented even as the weakly defined nation-state slips away?

Rick Riordan Presents Yoon Ha Lee's space opera about thirteen-year-old Min, who comes from a long line of fox spirits. But you'd never know it by looking at her. To keep the family safe, Min's mother insists that none of them use any fox-magic, such as Charm or shape-shifting. They must appear human at all times. Min feels hemmed in by the household rules and resents the endless chores, the cousins who crowd her, and the aunties who judge her. She would like nothing more than to escape Jinju, her neglected, dust-ridden, and impoverished planet. She's counting the days until she can follow her older brother, Jun, into the Space Forces and see more of the Thousand Worlds. When word arrives that Jun is suspected of leaving his post to go in search of the Dragon Pearl, Min knows that something is wrong. Jun would never desert his battle cruiser, even for a mystical object rumored to have tremendous power. She decides to run away to find him and clear his name. Min's quest will have her meeting gamblers, pirates, and vengeful ghosts. It will involve deception, lies, and sabotage. She will be forced to use more fox-magic than ever before, and to rely on all of her cleverness and bravery. The outcome may not be what she had hoped, but it has the potential to exceed her wildest dreams.

This sci-fi adventure with the underpinnings of Korean mythology will transport you to a world far beyond your imagination.

A bright, bold debut about a girl who happens to have been born a boy, but refuses to let that stand in the way of her dream.

A New York Times Bestseller! From the racetrack to the battlefield—dauntless, fearless, and exemplar of Semper Paratus—she was Reckless, "pride of the Marines." A Mongolian mare who was bred to be a racehorse, Ah-Chim-Hai, or Flame-of-the-Morning, belonged to a young boy named Kim-Huk-Moon. In order to pay for a prosthetic leg for his sister, Kim made the difficult decision to sell his beloved companion. Lieutenant Eric Pedersen purchased the bodacious mare and renamed her Reckless, for the Recoilless Rifles Platoon, Anti-Tank Division, of the 5th Marines she'd be joining. The four-legged equine braved minefields and hailing shrapnel to deliver ammunition to her division on the frontlines. In one day alone, performing fifty-one trips up and down treacherous terrain, covering a distance of over thirty-five miles, and rescuing wounded comrades-in-arms, Reckless demonstrated her steadfast devotion to the Marines who had become her herd. Despite only measuring about thirteen hands high, this pint-sized equine became an American hero. Reckless was awarded two Purple Hearts for her valor and was officially promoted to staff sergeant twice, a distinction never bestowed upon an animal before or since. Author Robin Hutton has reignited excitement about this nearly forgotten legend, realizing the Sgt. Reckless Memorial Monument at the National Museum of the Marine Corps, completed in July 2013, and now spurring the creation of a second memorial at Camp Pendleton, California, where Reckless lived out the rest of her days. The paperback edition includes a new foreword by General James F. Amos, 35th Commandant of the U.S. Marine Corps. It will appeal to fans of Laura Hillenbrand's *Seabiscuit*, Elizabeth Letts' *The Eighty Dollar Champion*, and the feature film *War Horse*.
