This book has become the definitive unauthorized biography of Robbie Williams, and provides a 'warts and all' account of his phenomenal journey to the top. Covering his childhood in Stoke-on-Trent, his boy band years with Take That (and how he got back with them in 2010), his battle with drink and drugs, his often troubled love life and how he beat his demons and settled down to become a family man. All of it based on exclusive interviews with those closest to Robbie and with previously unpublished photos from the family archive, this is a must-have book for all Robbie fans. This updated edition of the bestseller includes coverage of Rudebox, Robbie's 2009 comeback album Reality Killed the Video Star as well as his new number one Take The Crown, the announcement of his huge 2013 tour, and of course his marriage to Ayda Field and the birth of their daughter.

Seldom has the world seen a man with the grace, style, and intellect of David Brown. Known in his lifetime as a journalist (The Saturday Evening Post, Harper's, and Collier's), a publisher (Cosmopolitan), an Academy Award winning film producer (Jaws, The Sting, The Verdict, Cocoon, Driving Miss Daisy), a Broadway producer (Dirty Rotten Scoundrels, Sweet Smell of Success, A Few Good Men), an author, a one-time astrologer, and husband to long-time Cosmopolitan head Helen Gurley Brown. Throughout his remarkable life he was a friend, acquaintance, and confidant of the world's most powerful, most famous, and most notorious. With his remarkably perfect memory, this raconteur extraordinaire shares in intimate detail his personal encounters and experiences with a cavalcade of world famous personalities - from Mafia chieftains to world leaders, the reclusive Howard Hughes, the super-rich J. Paul Getty, William Randolph Hearst, Marilyn Monroe, Robert Kennedy, Irving Berlin, Paul Newman, Orson Welles, Steven Spielberg, Robert Redford, Darryl Zanuck, David, O. Selznick, John O'Hara, Carl Sandburg, Nikita Khrushchev, Frank Sinatra, Richard Burton, Elizabeth Taylor, Salvador Dali, Irving Lazar, John Belushi, and scores of others.

After five years of success with Take That, Robbie Williams left to pursue a solo career. This official book discusses the first year away from Take That, which Robbie describes as like going to a New Year's Eve party and not coming back until New Year's Eve the next year. Robbie also talks about those critics who wrote him off as being famous for being famous, the success of his album Life Thru a Lens and the release of the single Angels. The glamour of pop star life is explored, along with the downside to fame at a young age. There is also a handwritten foreword signed by Robbie.

As Scandinavian societies experience increased ethno-religious diversity, their Christian-Lutheran heritage and strong traditions of welfare and solidarity are being challenged and contested. This book explores conflicts related to religion as they play out in public broadcasting, social media, local civic settings, and schools. It examines how the mediatization of these controversies influences people's engagement with contested issues about religion, and redraws the boundaries between inclusion and exclusion. **FEATURED CONTRIBUTORS** Lynn Schofield Clark, Professor of Media, Film, and Journalism at the University of Denver, Colorado, USA Marie Gillespie, Professor of Sociology at the Open University, UK Birgit Meyer, Professor of Religious Studies at Utrecht University, the Netherlands

Winner of the 2003 Trillium Book Award "Stories are wondrous things," award-winning author and scholar Thomas King declares in his 2003 CBC Massey Lectures. "And they are dangerous." Beginning with a traditional Native oral story, King weaves his way through literature and history, religion and politics, popular culture and social protest, gracefully elucidating North America's relationship with its Native peoples. Native culture has deep ties to storytelling, and yet no other North American culture has been the subject of more erroneous stories. The Indian of fact, as King says, bears little resemblance to the literary Indian, the dying Indian, the construct so powerfully and often destructively projected by White North America. With keen perception and wit, King illustrates that stories are the key to, and only hope for, human understanding. He compels us to listen well.
