the hottest topics in national debates with tariff wars and EU membership dominating the news. As multinational corporations (MNCs) continue to expand their operations globally, they must not only manage the advantages that ensue but also their exposure to risk. The fifth edition of Madura and Fox's International

Financial Management offers students a comprehensive introduction to this fast-moving field, discussing not only exchange rate behaviour, exchange rate risk management, long- and short-term asset and liability management, but also topics such as different currencies, dissimilar political situations, imperfect
