This book provides new answers to these questions - a milestone in the analysis and development of public policy, from one of the leading thinkers in the field. It provides a new perspective on policy design, emphasising the importance of analysing the motivation of professionals and others who work within the public sector, and both their and public service beneficiaries' capacity for agency or independent action.

Motivation, Agency, and Public Policy By Julian Le Grand ...

Argues that assumptions concerning motivation and agency are the key to the success of public policy. Analyses current public policy and demonstrates that much of it is founded on erroneous assumptions, before proposing economically and administratively viable reforms. Motivation, Agency, and Public Policy.

Motivation, Agency, and Public Policy - Hardcover - Julian ...

Assumptions concerning human motivation—the internal desires or preferences that incite action—and agency—the capacity to undertake that action—are key to both the design and the implementation of public policy. So, for instance, a policy instrument designed on the assumption that people are motivated primarily by their own self?interest—that they are, in the words of David Hume quoted at the beginning of the book, knaves —would be quite different from one constructed on the ...
