This is a cute retelling of Noah's Ark. The rhymes are almost Seussian and happily easy to read aloud. My kids were a little confused about why it calls the ark a 'car park' (I think it's also a cross-cultural issue since we call it a 'parking garage'), but the adults in the room will chuckle as the Mustangs, Jaguars, and Beetles all find their places to park.

Alli Bobrow is an otherworldly single parent with an overwrought nine-year-old daughter, a malevolent ex and his grabby new wife, and an underused artistic talent. A pushover when it comes to needy neighbors and uninvited children, she allows her house to be the local drop-in center, until she collides with Noah Glazer, who falls for her pale red hair. A solid man of science, Noah walks into her over-populated life bringing good sense, order, and security. But ten years later, Ali is drawn back into the complexities of her past; an old lover, two ex-spouses, a colleague from clown school, and a small smuggled cat all help to rock the boat. "Why did it take me so long to discover the singular joys of Barbara Trapido's novels? Why, for so many years, had I missed these witty, soulful, heartbreaking, expansive, brilliant tales? I have become a literary evangelist on her behalf." --Elizabeth Gilbert

Acclaimed travel writer Rick Antonson sets his adventurous compass on Mount Ararat, exploring the region's long history, religious mysteries, and complex politics. Mount Ararat is the most fabled mountain in the world. For millennia this massif in eastern Turkey has been rumored as the resting place of Noah's Ark following the Great Flood. But it also plays a significant role in the longstanding conflict between Turkey and Armenia. Author Rick Antonson joined a five-member expedition to the mountain's nearly 17,000-foot summit, trekking alongside a contingent of Armenians, for whom Mount Ararat is the stolen symbol of their country. Antonson weaves vivid historical anecdote with unexpected travel vignettes, whether tracing earlier mountaineering attempts on the peak, recounting the genocide of Armenians and its unresolved debate, or depicting the Kurds' ambitions for their own nation's borders, which some say should include Mount Ararat. What unfolds in Full Moon Over Noah's Ark is one man's odyssey, a tale told through many stories. Starting with the flooding of the Black Sea in 5600 BCE, through to the Epic of Gilgamesh and the contrasting narratives of the Great Flood known to followers of the Judaic, Christian and Islamic religions, Full Moon Over Noah's Ark takes readers along with Antonson through the shadows and broad landscapes of Turkey, Iraq, Iran and Armenia, shedding light on a troubled but fascinating area of the world. Stranded at Schiphol airport, Ben Coates called up a friendly Dutch girl he'd met some months earlier. He stayed for dinner. Actually, he stayed for good. In the first book to consider the hidden heart and history of the Netherlands from a modern perspective, the author explores the length and breadth of his adopted homeland and discovers why one of the world's smallest countries is also so significant and so fascinating. It is a self-made country, the Dutch national character shaped by the ongoing battle to keep the water out from the love of dairy and beer to the attitude to nature and the famous tolerance. Ben Coates investigates what makes the Dutch the Dutch, why the Netherlands is much more than Holland and why the color orange is so important. Along the way he reveals why they are the world's tallest people and have the best carnival outside Brazil. He learns why Amsterdam's brothels are going out of business, who really killed Anne Frank, and how the Dutch manage to be richer than almost everyone else despite working far less. He also discovers a country which is changing fast, with the Dutch now questioning many of the liberal policies which made their nation famous.

Via jokes, quips, observations and short thoughts, comedian and writer Paul Kerensa shines a light on the bits of everyday life we probably wish we'd forgotten, or been glad no one was looking - except, well, God.
