Nobody's Girl Friday is a revisionist history, but it's also a deeply personal, collective account of hundreds of working women, the studios they worked for, and the films they helped to make. For many years, historians and critics have insisted that both American feminism and the power of women in Hollywood declined and virtually disappeared from the 1920s through the 1960s.

the studio system (1924–1954), when filmmaking was dominated by an oligopoly of powerful studios and Hollywood films dominated the globe. Arguing that women “ran Hollywood” during the studio era, Smyth counters the scholarly consensus that women achieved their peak of creative control in the 1910s, when many films were directed by women.
