If you've bought or sold items through eBay, or through hundreds of other online sites, then you're familiar with PayPal, the online payment service. With PayPal, a valid email address, and a credit card or bank account, you can easily send and receive payments online. Not a bank or financial institution itself, PayPal describes its service as one that builds on the financial infrastructure of bank accounts and credit cards, and using advanced propriety fraud prevention systems, creates a safe, global, real-time payment solution. Put simply, PayPal provides the means for people to conduct financial transactions online, instantly and securely. But there's more to PayPal than meets the eye. PayPal Hacks shows you how to make the most of PayPal to get the most out of your online business or transactions. Authors Shannon Sofield of Payloadz.com and PayPal evangelist David Nielsen guide you through the rigors of using and developing with PayPal. Whether you're building an ecommerce site using PayPal as a transaction provider, or simply trying to pay for an eBay auction without getting burned, PayPal Hacks will give you the skinny on this leading global online payment service. The collection of tips and tricks in PayPal Hacks shows you how to find or even build the right tools for using PayPal to buy and sell on eBay or as a transaction provider for ecommerce on your own site. Written for all PayPal users, from those just starting out to those developing sophisticated ecommerce sites, this book begins with the basics such as setting up your account, then moves quickly into specific tips and tools for buyers, sellers, and developers. With PayPal Hacks, you can: Learn extra steps to help protect yourself while buying or selling on eBay Save time and money with advanced tips and undocumented features Learn dozens of easy-to-follow procedures to help you request and receive payments and fill orders Use PayPal to handle subscriptions, affiliate systems, and donations Create and customize your customers' checkout process Effortlessly integrate PayPal's shopping cart system into your own website Implement digital fulfillment with Instant Payment Notification (IPN) and Payment Data Transfer (PDT) Develop and distribute ecommerce applications with the PayPal API Each hack consists of a task to be accomplished or a creative solution to a problem, presented in a clear, logical, and task-oriented format. PayPal Hacks provides the tools and details necessary to make PayPal more profitable, more flexible, and more convenient.

This book teaches financial engineering in an innovative way: by providing tools and a point of view to quickly and easily solve real front-office problems. Projects and simulations are not just exercises in this book, but its heart and soul. You will not only learn how to do state-of-the-art simulations and build exotic derivatives valuation models, you will also learn how to quickly make reasonable inferences based on incomplete information. This book will give you the expertise to make significant progress in understanding brand new derivatives given only a preliminary term sheet, thus making you extraordinarily valuable to banks, brokerage houses, trading floors, and hedge funds. Financial Hacking is not about long, detailed mathematical proofs or brief summaries of conventional financial theories. It is about engineering specific, useable answers to imprecise but important questions. It is an essential book both for students and for practitioners of financial engineering. MBAs in finance learn case-method and standard finance mainly by talking. Mathematical finance students learn the elegance and beauty of formulas mainly by manipulating symbols. But financial engineers need to learn how to build useful tools, and the best way to do that is to actually build them in a test environment, with only hypothetical profits or losses at stake. That's what this book does. It is like a trading desk sandbox that prepares graduate students or others looking to move closer to trading operations. Charles H. Dow, Benjamin Graham, George Soros, Peter Lynch, Warren Buffett, Mario Gabelli, and Donald Trump. You won't find a seminar or lecture anywhere that boasts a panel quite like this-a group of the great stock-pickers and market gurus, both past and present, brought together to instruct you on the art of investing. The Book of Investing Wisdom offers you a unique insight into how these professionals and many others achieved financial success through intelligent investing-all from the comfort of your armchair. Never before have the writings of such a large and diverse group of brilliant investors been collected between the covers of a single book. The Book of Investing Wisdom is an anthology of 46 essays and speeches from the most successful, well-known investors and financiers of our time. In their own words, these legends of Wall Street share their best investment ideas and advice. You'll hear from Bernard Baruch on stock market slumps, Peter Bernstein on investing for the long term, Joseph E. Granville on market movements, John Moody on investment vs. speculation, Otto Kahn on the New York Stock Exchange and public opinion, William Peter Hamilton on the Dow theory, and Leo Melamed on the art of futures trading, to name just a few. For easy reference, the 46 essays featured in The Book of Investing Wisdom are organized into eight categories, covering the nuts and bolts of analysis, investing attitude and philosophy, investing strategies, market cycles, views from the inside, lessons from notorious characters, insights from the Great Crashes, and advice beyond your average blue-chip. Each essay is preceded by a brief introduction that provides intriguing and insightful background information about its author's life and career, and places the essay in historical perspective. Significant statements, inspiring thoughts, and even quirky bits of wisdom have been highlighted throughout the book to call attention to each contributor's most memorable ideas. Offering practical advice, strategic wisdom, and intriguing history, The Book of Investing Wisdom will inspire and motivate everyone from the professional money manager to the do-it-yourself investor to the business student. PETER KRASS is a freelance writer and editor living in Connecticut. He contributes regularly to Investor's Business Daily. His other books include The Book of Leadership Wisdom: Classic Writings by Legendary Business Leaders and The Book of Business Wisdom: Class Writings by the Legends of Commerce and Industry, also available from Wiley.

"Ben has laid out exactly what works in today's market!" -Brandon Turner LUXURY house hacking! Upgrade your lifestyle while reducing costs. AirBnB, vacation rentals, and a luxury primary home. Who is this Book For? Having involved myself with House Hacking I realized that this strategy represents a phenomenal solution for many folks. In fact there are at least 3 groups for whom this book will pave the way toward success! First of all, I have to tell you (and this is based on 10 years of real estate investing experience) that a properly executed house hack is absolutely the most brilliant investment opportunities. This has to be the easiest CASH FLOW I've ever created (and it's substantial). If you've been studying real estate investing but haven't been able to find a way into the game - this is it! Now, let's say that you happen to live in a very expensive market, and have been priced out of owning a home - this book will teach you how to become a homeowner. Yes, you'll need to learn some things. Yes, you'll need to do a bit of work, because not just any house will work. But, you can own a home for less than you thought because a properly structure House Hack will underwrite your cost! Or... Let's say you are quite comfortable where you are. But you happen to have elderly parents who are struggling and it is necessary for you to relocate closer to them. The only problem is that homes are very expensive where they live, and you are not sure how to swing the cost of living. House Hacking - DONE! Or, you are like me, and decide one day that you are tired of living in Ohio and want to relocate someplace where the skies are always blue and palm trees are always pretty. You (like I) want to 10X your life. However, in a market like this property can be expected to be more expensive and you are concerned about cost of living. How to cope? Indeed, a proper house hack allows me to achieve locational freedom! A House Hack is a powerful formula capable of creating solutions for a wide variety is life circumstances. And in this book I will teach you how to do it right! And, remember -- I am doing this as we speak. So, all of the numbers are real-time, and all of the methods discussed are viable in today's market. What Will You Learn in this Book? You will learn how to pick the right location and the right property for your house hack. You will learn the step-by-step process of doing the math, financing, marketing, and running your house hack for most profit. Everything you need to know to do what I do is here! What is a house hack and how can I make money with it? Can house hacking pay for my primary-home mortgage? Should I buy an investment property or should I house hack? A House Hacking Case Study-How I am living in an upscale home for (almost) free How do I choose the best location, neighborhood, and house to house hack? How much money can I make house hacking and does it pay my primary mortgage? How do I rehab and market my house hack for the most profit? How much time does it take to run a vacation rental house hack? Is AirBnB or HomeAway, or VRBO better for vacation-rental house hacking? How do I handle safety and privacy when house hacking? Will my mortgage allow me to rent out part of my property? What taxes do I have to pay with house hacking? What are the regulations on house hacking? How do I set prices on AirBnB and other sites? And much more... Why now is the time to read this book... Everyone talks about real estate as if the choice of what we do, when, and how is entirely up to us. But that's not true. In today's challenging (hot) market, traditional investing advice doesn't work. House hacking has the best financing opportunities, the easiest management overhead, and the most immediate return on investment.
