Post-Photography: The Artist with a Camera An Elephant ...

Robert ShoreLaurence King. “ Post-photography ” may be understood as a moment not a movement, the artists represented in this book do not subscribe to a common philosophy of image-making; rather they choose to share social and technological methods to create their work. Post-Photography covers the key strategies adopted by 53 of the most provocative and forward thinking international artist-photographers of the moment, including Mishka Henner, Eva Stenram, Dan Holdsworth and Olivo Barbieri.

Artsy - Discover & Buy Art

Well, if one looks at art history post-1826 one will find a shift in artistic behaviour, abstraction of the real came into fruition, starting with Romanticists such as John Constable and William Turner, who ’ s art work was a look at the world through their eyes, as opposed to the supposedly unbiased realists.

Photography Isn’t Art. Or is it? - Light Stalking

Post-mortem photography began shortly after photography ’ s introduction in 1839. In these early days, no one really posed the bodies or cleaned them up. A poorer family might lay a nice dress ...

Photos After Death: Post-Mortem Portraits Preserved Dead ...

Eyes are the windows to the soul. In photography — if you ’ re photographing people, remember: eyes are the windows to the soul. If you look at the last few thousand years, most portraits of human beings focus on the eyes. Either having the eyes look straight at the viewer, or off into the distance.

Revolutionary in his portrayal of still life and technical mastery of tone, Stieglitz called for photography ’ s acceptance as an art form, as well as introducing avant-garde European artists such as Pablo Picasso, Constantin Br â ncu i and Francis Picabia to America ’ s art scene. Influenced by new developments in art, Stieglitz moved away from a more decorative, soft-edged ’ pictorialist ...

A-Z of Modernist Photography | Tate

Postmodern photography is characterized by atypical compositions of subjects that are unconventional or sometimes completely absent, making sympathy with the subject difficult or impossible. Like other postmodern artists, the champions of postmodern photography contend that it is possible to ignore the “ rules ” and still create art.

The real world is full of cameras; the virtual world is full of images. Where does all this photographic activity leave the artist-photographer? Post-Photography tries to answer that question by investigating the exciting new language of photographic image-making that is emerging in the digital age of anything-is-possible and everything-has-been-done-before. Found imagery has become increasingly important in post-photographic practice, with the internet serving as a laboratory for a major kind of image-making experimentation. But artists also continue to create entirely original works using avant-garde techniques drawn from both the digital and analogue eras. This book is split into six sections – Something Borrowed, Something New, Layers of Reality, Eye-Spy, Material Visions, Post-Photojournalism and All the World Is Staged – which cover the key strategies adopted by 53 of the most exciting and innovative artist-photographers of the 21st century, drawn from all over the world.

A leading critic ’ s inside story of “ the photo boom ” during the crucial decades of the 1970s and 80s When Andy Grundberg landed in New York in the early 1970s as a budding writer, photography was at the margins of the contemporary art world. By 1991, when he left his post as critic for the New York Times, photography was at the vital center of artistic debate. Grundberg writes eloquently and authoritatively about photography ’ s “ boom years, ” chronicling the medium ’ s increasing role within the most important art movements of the time, from Earth Art and Conceptual Art to performance and video. He also traces photography ’ s embrace by museums and galleries, as well as its politicization in the culture wars of the 80s and 90s. Grundberg reflects on the landmark exhibitions that defined the moment and his encounters with the work of leading photographers—many of whom he knew personally—including Gordon Matta-Clark, Cindy Sherman, and Robert Mapplethorpe. He navigates crucial themes such as photography ’ s relationship to theory as well as feminism and artists of color. Part memoir and part history, this perspective by one of the period ’ s leading critics ultimately tells a larger story about the crucial decades of the 70s and 80s through the medium of photography.

The valley on the hill /Fred Turner --Photographs and stories /Mary Beth Meehan.

Jacek Lidwin presents "Unknown People", a book containing 126 black and white street portraits. This book highlights provoking and contemporary examples of the medium of portraiture. Jacek is trying to express his perspective on individuals, unknown people who he meets in the streets of Poland. His art illustrates Osho's words: "We are born alone, we live alone and we die alone. Aloneness is our very nature but we are not aware of it". This is updated edition of “ Unknown People - Street Portraits - Part 1 ” He is inspired by street photography of Robert Frank, Henri Cartier-Bresson, Robert Doisneau.

William Etty was English painter, one of the few British artists to specialize almost exclusively in the nude. He spent most of his career in London. Etty's paintings are often of mythological or historical subjects, sometimes on an ambitious size, but he also made life studies throughout his career, and these are now probably his most admired works. He was often attacked for the alleged indecency of his work, The Times considering it ’ entirely too luscious for the public eye ’ . However, by the time of his death he was wealthy and respected. He summed up his attitude to his favourite subject thus: ’ Finding God's most glorious work to be Woman, that all human beauty had been concentrated in her, I dedicated myself to painting—not the Draper's or Milliner's work—but God's most glorious work, more finely than ever had been done. ’ His draughtsmanship is often criticized, but it is generally agreed that he attained a glowing voluptuousness in the painting of flesh that few British artists have ever approached.

This is an unsurpassed collection of 500 superb images that represent the world's best photographers from the mid-19th century to today, arranged alphabetically by photographer, from pioneers such as Gustave Le Gray and Daguerre to icons such as Robert Capa, to innovative and emerging photographers around the world. Original.

Chronicling a two week trip around the world - visiting towns in Ohio with foreign names. Oddysey is a quirky photo journal of one man's trip around the world - without leaving Ohio. With humor and style the traveler visits towns from Moscow to Mesopotamia, Congo to Calcutta, Aberdeen to York by way of Utopia and scores of other unlikely places all found in America's heartland. As foreign as the place names are, the towns are distinctly American. The photographs connect mid-America with the larger world. Oddysey speaks to everyone's sense of place.

Legendary recording artist Billie Eilish shares an intimate inside look at her life—both on and off the stage—in this stunning, photo-filled book. Billie Eilish is a phenomenon. With distinctive visual flare and darkly poignant lyrics that are unparalleled among music icons of the 21st century, Billie is a musician who stands out from the crowd. Between her record-shattering award-winning music and her uncompromising and unapologetic attitude, it's no surprise that her fanbase continues to grow by millions month after month. She is that rare combination of wildly popular and highly respected for her prodigious talent, a once in a generation superstar. Now in this stunning visual narrative journey through her life, she is ready to share more with her devoted audience for the first time, including hundreds of never-before-seen photos. This gorgeous book will capture the essence of Billie inside and out, offering readers personal glimpses into her childhood, her life on tour, and more. A must-have for any fan.

King of Pop Art Andy Warhol is one of the greatest artists of all time. Rarely venturing into public without his camera and tape recorder, Warhol was a great observer and documentarist of the American social scene. Somewhere within the iconic images, carefully-made personae, star-studded milieu, million-dollar price tags and famous quotes lies the real Andy Warhol. But who was he? Andy Warhol. Robert Shore unfolds the multi-dimensional Warhol, dissecting his existence as undisputed art-world hotshot, recreating the amazing circle that surrounded him, and tracing his path to stardom back through his early career and his awkward and unusual youth. After Warhol, nothing would be the same — he changed art forever. Find out how with his remarkable story. ' Lives of the Artists ' is a new series of brief artists biographies from Laurence King Publishing. The series takes as its inspiration Giorgio Vasari's five-hundred-year-old masterwork, updating it with modern takes on the lives of key artists past and present. Focusing on the life of the artist rather than examining their work, each book also includes key images illustrating the artist ' s life.

Photography After Conceptual Art presents a series of original essays that address substantive theoretical, historical, and aesthetic issues raised by post-1960s photography as a mainstream artistic medium Selected by Choice as an Outstanding Academic Title for 2011 Appeals to people interested in artist's use of photography and in contemporary art Tracks the efflorescence of photography as one of the most important mediums for contemporary art Explores the relation between recent art, theory and aesthetics, for which photography serves as an important test case Includes a number of the essays with previously unpublished photographs Artists discussed include Ed Ruscha, Bernd and Hilla Becher, Douglas Huebler, Mel Bochner, Sherrie Levine, Roni Horn, Thomas Demand, and Jeff Wall
