When I read St. Marks is Dead this April  
2020, St. Marks was dead indeed. New York  
City was in pause to brace for the  
devastating outbreak of COVID-19. During the  
eleven-week shutdown, bars, restaurants and  
stores were closed, old artists and former  
squatters were hospitalized, students went  
back to their parents.

Directed by Carter Smith. With Morgan Saylor, Noah Silver, Cameron Monaghan, Brett DelBuono. In a wintry small town, the body of a teenager named Jamie Marks is found by the river. Adam, the star of his cross-country team, becomes fascinated with Jamie—a boy nobody really knew or interacted with, except occasionally to bully him. When Jamie's ghost begins to appear both to Adam and Gracie, the ...

declared “St. Marks is dead,” this vibrant, idiosyncratic work—which in 2015 the Village Voice named the best nonfiction book about New York—offers what The Atlantic calls a “timely, provocative, and stylishly written” new take on urban nostalgia.

A vibrant narrative history of three hallowed Manhattan blocks—the epicenter of American cool. St. Marks Place in New York City has spawned countless artistic and political movements. Here Frank O’Hara caroused, Emma Goldman plotted, and the Velvet Underground wailed. But every generation of miscreant denizens believes that their era, and no other, marked the street’s apex. This idiosyncratic work of reportage tells the many layered history of the street—from its beginnings as Colonial Dutch Director-General Peter Stuyvesant’s pear orchard to today’s hipster playground—organized around those pivotal moments when critics declared “St. Marks is dead.” In a narrative enriched by hundreds of interviews and dozens of rare images, *St. Marks* native Ada Calhoun profiles iconic characters from W. H. Auden to Abbie Hoffman, from Keith Haring to the Beastie Boys, among many others. She argues that St. Marks has variously been an elite address, an immigrants’ haven, a mafia warzone, a hippie paradise, and a backdrop to the film *Kids*—but it has always been a place that outsiders

When Ada Calhoun found herself in the throes of a midlife crisis, she thought that she had no right to complain. She was married with children and a good career. So why did she

feel miserable? And why did it seem that other Generation X women were miserable, too? Calhoun decided to find some answers. She looked into housing costs, HR trends, credit card debt averages, and divorce data. At every turn, she saw a pattern: sandwiched between the Boomers and the Millennials, Gen X women were facing new problems as they entered middle age, problems that were being largely overlooked. Speaking with women across America about their experiences as the generation raised to "have it all," Calhoun found that most were exhausted, terrified about money, under-employed, and overwhelmed. Instead of their issues being heard, they were told instead to lean in, take "me-time," or make a chore chart to get their lives and homes in order. In *Why We Can't Sleep*, Calhoun opens up the cultural and political contexts of Gen X's predicament and offers solutions for how to pull oneself out of the abyss—and keep the next generation of women from falling in. The result is reassuring, empowering, and essential reading for all middle-aged women, and anyone who hopes to understand them.

Seven essays celebrating the beauty of the imperfect marriage. We hear plenty about whether or not to get married, but much less about what it takes to stay married. Clichés around marriage—eternal bliss, domestic harmony, soul mates—leave out the real stuff. After marriage you may still want to sleep

with other people. Sometimes your partner will bore the hell out of you. And when stuck paying for your spouse's mistakes, you might miss being single. In *Wedding Toasts I'll Never Give*, Ada Calhoun presents an unflinching but also loving portrait of her own marriage, opening a long-overdue conversation about the institution as it truly is: not the happy ending of a love story or a relic doomed by high divorce rates, but the beginning of a challenging new chapter of which "the first twenty years are the hardest." Calhoun's funny, poignant personal essays explore the bedrooms of modern coupledom for a nuanced discussion of infidelity, existential anxiety, and the many other obstacles to staying together. Both realistic and openhearted, *Wedding Toasts I'll Never Give* offers a refreshing new way to think about marriage as a brave, tough, creative decision to stay with another person for the rest of your life. "What a burden," Calhoun calls marriage, "and what a gift."

The earliest of the four Gospels, the book portrays Jesus as an enigmatic figure, struggling with enemies, his inner and external demons, and with his devoted but disconcerted disciples. Unlike other gospels, his parables are obscure, to be explained secretly to his followers. With an introduction by Nick Cave

Side went from disinvested to gentrified, residents lived with a wound at the heart of the neighborhood, a wasteland of vacant lots known as the Seward Park Urban Renewal Area (SPURA). Most of the buildings on the fourteen-square-block area were condemned in 1967, displacing thousands of low-income people of color with the promise that they would soon return to new housing—housing that never came. Over decades, efforts to keep out affordable housing sparked deep-rooted enmity and stalled development, making SPURA a dramatic study of failed urban renewal, as well as a microcosm epitomizing the greatest challenges faced by American cities since World War II. Artist and urban scholar Gabrielle Bendiner-Viani was invited to enter this tense community to support a new approach to planning, which she accepted using collaboration, community organizing, public history, and public art. Having engaged her students at The New School in a multi-year collaboration with community activists, the exhibitions and guided tours of her Layered SPURA project provided crucial new opportunities for dialogue about the past, present, and future of the neighborhood. Simultaneously revealing the incredible stories of community and activism at SPURA, and shedding light on the importance of collaborative creative public projects, Contested City bridges art, design, community activism, and urban history. This is a book for artists, planners, scholars,

Annotation. The first comprehensive introduction to the Orthodox Church in the United States from 1794 to the present, this book includes a succinct picture of the distinctive history of Orthodoxy and its particular perspectives on the Christian faith. Attention is given to the contacts between the Orthodox Church and other Christian churches, as well as its contributions to the ecumenical movement. Over 80 biographies of major Orthodox leaders in America also are included along with an annotated bibliography of the writings of the major Orthodox theologians.

What Hemingway's *A Moveable Feast* did for Paris in the 1920s, this charming yet undecivable memoir does for Greenwich Village in the late 1940s. In 1946, Anatole Broyard was a dapper, earnest, fledgling avant-gardist, intoxicated by books, sex, and the neighborhood that offered both in such abundance. Stylish written, mercurially witty, imbued with insights that are both affectionate and astringent, this memoir offers an indelible portrait of a lost bohemia. We see Broyard setting up his used bookstore on Cornelia Street—indulging in a dream that was for him as romantic as “living off the land or sailing around the world”

while exercising his libido with a protegee of Anais Nin and taking courses at the New School, where he deliberates on "the new trends in art, sex, and psychosis." Along the way he encounters Delmore Schwartz, Caitlin and Dylan Thomas, William Gaddis, and other writers at the start of their careers.

Written with insight and mercurial wit, *Kafka Was the Rage* elegantly captures a moment and place and pays homage to a lost bohemia as it was experienced by a young writer eager to find not only his voice but also his place in a very special part of the world.

An unflinching chronicle of gentrification in the twenty-first century and a love letter to lost New York by the creator of the popular and incendiary blog *Vanishing New York*. For generations, New York City has been a mecca for artists, writers, and other hopefuls longing to be part of its rich cultural exchange and unique social fabric. But today, modern gentrification is transforming the city from an exceptional, iconoclastic metropolis into a suburbanized luxury zone with a price tag only the one percent can afford. A Jane Jacobs for the digital age, blogger and cultural commentator Jeremiah Moss has emerged as one of the most outspoken and celebrated critics of this dramatic shift. In *Vanishing New York*, he reports on the city's development in the twenty-first century, a period of "hyper-gentrification" that has resulted in the shocking

transformation of beloved neighborhoods and the loss of treasured unofficial landmarks. In prose that the Village Voice has called a "mixture of snark, sorrow, poeticism, and lyric wit," Moss leads us on a colorful guided tour of the most changed parts of town—from the Lower East Side and Chelsea to Harlem and Williamsburg—lovingly eulogizing iconic institutions as they're replaced with soulless upscale boutiques, luxury condo towers, and suburban chains. Propelled by Moss' hard-hitting, cantankerous style, *Vanishing New York* is a staggering examination of contemporary "urban renewal" and its repercussions—not only for New Yorkers, but for all of America and the world.
