Subjectivity Theories Of The Self

The concern with the self, with our subjectivity, is the main point of reference in modern Western societies. This work explores how notions of subjectivity have developed over the 20th century, analyzing the work of modern and postmodern theorists such as Freud, Foucault, and Haraway.

No topic is more crucial to contemporary cultural theory than subjectivity, and Nick Mansfield has written what has long been lacking—a lucid, smart introduction to work in the field. Professor Simon During, University of Melbourne Effortlessly and with humour, passion and panache, Mansfield offers the reader a telling, trenchantly articulated account of the complex enigma of the self, without ...

A subject is a being who has a unique consciousness and/or unique personal experiences, or an entity that has a relationship with another entity that exists outside itself. A subject is an observer and an object is a thing observed. This concept is especially important in Continental philosophy, where 'the subject' is a central term in debates over the nature of the self. The nature of the subject is also central in
