This work embodies a study conducted by the German philosopher on Eristic dialectics, which is the art of always being right in a conversation. Schopenhauer, after providing his definition of dialectics and after describing the general development of a typical dispute, identifies 38 useful stratagems for a no-holds-barred attack against our opponent's theory, and to defend the one we have expressed.

The Extension []. The Extension. — This consists in carrying your opponent's proposition beyond its natural limits; in giving it as general a signification and as wide a sense as possible, so as to exaggerate it; and, on the other hand, in giving your own proposition as restricted a sense and as narrow limits as you can, because the more general a statement becomes, the more numerous are the ...
