“This is a book for everyone, anyone who likes mystery novels or good writing or wit and passion and intelligence.”—The New York Times Over the course of a fifty-year career, Donald E. Westlake published nearly one hundred books, including two long-running series starring the hard-hitting Parker and the hapless John Dortmunder. With The Getaway Car, we get our first glimpse of another side of Westlake the writer: what he did when he wasn’t busy making stuff up. Mixing previously published pieces, many little seen, with never-before-published material found in Westlake’s working files, this compendium offers a clear picture of the man behind the books—including his thoughts on his own work and that of his peers, mentors, and influences. It opens with revealing (and funny) fragments from an unpublished autobiography, then goes on to offer an extended history of private eye fiction, a conversation among Westlake’s numerous pen names, letters to friends and colleagues, interviews, appreciations of fellow writers, and much, much more. There’s even a recipe for Sloth à la Dortmunder. Really. “A must-have for Westlake fans.”—Publishers Weekly (starred review) “This book doesn’t disappoint...Westlake was a hugely entertaining and witty writer. Whether he is writing a letter to his editor or about the history of his genre, he remains true to his definition of what makes a great writer: ‘passion, plus craft.’”—The Guardian “[A] valuable collection.”—Toronto Star Includes a foreword by Lawrence Block

"Collection of published and unpublished gems: a memoir about learning to write, an imaginary interview between Westlake's various identities, essays on writing, introductions, and letters to writers like Stephen King and Brian Garfield. A true miscellany, this includes a piece by Abigail Westlake, a recipe for "May's Famous Tuna Casserole" and a 'Midnight snack'.---From the publisher.

A tale of family, secrets and lies, from a well-loved author - 1904, London. Lydia Daye adores her husband John, but his secret government job means he is often away. She consoles herself with her small son, Adam, and the knowledge that John’s salary allows them to live comfortably. Dolly Ellerway lives just two miles away, but in a different world. Pregnant, she is delighted when the father of her child says he’ll marry her, even though he can barely afford it. It seems unlikely that the two will ever meet, but one day Lydia sends a fateful letter that will change both women’s lives forever.

One of the most controversial films of its time, The Wild Bunch is the epitome of the no-holds-barred filmmaking of the 1960s and 1970s. Since its 1969 release, it has come to be recognized not only as an iconic Western, but as one of the most important films in the American cinematic canon. Over the years a parade of filmmakers have tried to imitate its gut-punch effects but none have equaled it. The Wild Bunch revived the floundering career of volatile, self-destructive director Sam Peckinpah--it also hung on him the label "Bloody Sam." This book tells the complete story of the film's production, reception and legacy.

Focusing on crime fiction and films that artfully combine comedy and misdeed, this book explores the reasons writers and filmmakers inject humor into their work and identifies the various comic techniques they use. The author covers both American and European books from the 1930s to the present, by such authors as Rex Stout, Raymond Chandler, Robert B. Parker, Elmore Leonard, Donald E. Westlake, Sue Grafton, Carl Hiaasen and Janet Evanovich, along with films from The Thin Man to the BBC’s Sherlock series.

Working night security at a museum, ex-cop Mitchell Tobin finds a naked corpse on display in this crime novel by the Edgar Award-winning author. When he first met Linda Campbell, Mitchell Tobin was nothing more to her than the man who had put her husband in jail. It took over a year for them to begin their affair, but once it started, it became intense--lasting right up to the day when Tobin shirked duty to see her, and his partner got killed as a result. Years later, on a penny-ante night security job, Tobin is doing his rounds when Linda comes to ask a favor. Out of prison and hoping to go straight, her husband is having trouble escaping his old cronies. Tobin has just agreed to try to help when they come upon a corpse, lying naked on the floor. If he’s to do anything for Linda, Tobin will have to keep clear of the murder investigation. But as her husband knew all too well, it takes much more than self-discipline to put a checkered past behind you.

Between 1933 and 1939, the FBI pursued an aggressive, highly publicized nationwide campaign against a succession of Depression era "public enemies," including John Dillinger, George "Baby Face" Nelson, Charles Arthur "Pretty Boy" Floyd, George "Machine Gun Kelly" Barnes, Bonnie Parker and Clyde Barrow, and the Ma Barker Gang. Bureau Director J. Edgar Hoover's successes in this crusade made him the hero of law and order in the public mind. This historical analysis reveals the agency's often illegal tactics, including torture, frame-ups, and summary executions--later expanded throughout Hoover's 48-year reign in Washington, D.C., and exposed only after his death (some say murder) in 1972.
