“The Sibley Guide to Trees is so well done that even the most serious birders may find themselves identifying and enjoying trees in their own right . . . All aspects of the trees are shown: leaves (from above and below), buds, flowers, fruits, twigs, and bark. For most species, the autumn leaves are illustrated and, when appropriate, new growth as well . . .

The Sibley Guides to Birds and Trees have only one binding, called “flexibound”. It is a flexible cover, thicker than a typical paperback and extending beyond the page edges. It is intermediate between the traditional “paperback” and “hardcover” styles, and many sellers list it as one of those two categories.

Like Sibley’s Guide to Birds, the illustrations in this guide to trees are unparalleled. The leaves, bark, nuts, etc, are beautifully illustrated. I have not seen any other guide that comes close to this. The illustrations are in color and give great detail in some cases showing you both the young bark and older bark, since younger tree bark can look very different. Illustrations of fruits ...
