explaining Hitler's character" (Midwest Book Review). August Kubizek met Adolf Hitler in 1904 while they competed for standing room at the opera. Kubizek describes a reticent young man, painfully shy, yet capable of bursting into hysterical fits of anger if anyone disagreed with him. But they grew close, often talking for hours on end. In 1908, they began sharing an apartment in Vienna. After being rejected twice from art school, Hitler found himself sinking into an unkind world of "constant unappeasable hunger." Kubizek did not meet his friend again until he congratulated him on becoming Chancellor of Germany. *The Young Hitler I Knew* tells the story of an extraordinary friendship, and gives fascinating insight into Hitler's character during these formative years. "An invaluable tool for every Hitler scholar; a fascinating portrait for every reader who is interested in Hitler." —Simon Sebag Montefiore

Their mutual passion for music created a strong bond, and over the next four years they became close friends. Kubizek describes a reticent young man, painfully shy, yet capable of bursting into hysterical fits of anger if anyone disagreed with him. The two boys would often talk for hours on end; Hitler found Kubizek to be a very good listener, a worthy confidant to his hopes and dreams. In 1908 Kubizek moved to Vienna and shared a room with Hitler at 29 Stumpergasse. During this time, Hitler tried to get into art school, but he was unsuccessful. With his money fast

running out, he found himself sinking to the lower depths of the city: an unkind world of isolation and 'constant unappeasable hunger'. Hitler moved out of the flat in November, without leaving a forwarding address; Kubizek did not meet his friend again until 1938. *The Young Hitler I Knew* tells the story of an extraordinary friendship, and gives fascinating insight into Hitler's character during these formative years. A must for Hitler scholars.

“Up to the last moment, his overwhelming, despotic authority aroused false hopes and deceived his people and his entourage. Only at the end, when I watched the inglorious collapse and the obstinacy of his final downfall, was I able suddenly to fit together the bits of mosaic I had been amassing for twelve years into a complete picture of his opaque and sphinx like personality. If my

contemporaries fail to understand me, those who came after will surely profit from this account.”—Otto Dietrich When Otto Dietrich was invited in 1933 to become Adolf Hitler’s press chief, he accepted with the simple uncritical conviction that Adolf Hitler was a great man, dedicated to promoting peace and welfare for the German people. At the end of the war, imprisoned and disillusioned, Otto Dietrich sat down to write what he had seen and heard in twelve years of the closest association with Hitler, requesting that it be published after his death. Dietrich’s role placed him in a privileged position. He was hired by Hitler in 1933, was his confidant until 1945, and he worked—and clashed—with Joseph Goebbels. His direct, personal experience of life at the heat of the Reich makes for compelling reading.

An English and German Version In Englischer und Deutscher Sprache This is the story of a young girl's experience during WWII in Germany. It tells about the devotion to Hitler. It describes the life as a member of the Hitler Youth; what happened when WWII started, with the never-ending bombardments by the US and British bombers and the destruction of her home, school and town. It tells of the many killings, the horror, fear and despair. The constant struggle after the war to survive without food, when the French forces occupied the city. The big disappointment in Hitler who promised a great future for Germany, but took the loyalty of the German people and led them into endless, hopeless wars. He would not let anyone or anything stop him from invading other countries and killing millions of innocent people. “Here’s Adolf Hitler in a series of bizarre photographs which he kept hidden from the world . . . They have now been published in this memoir.”—Daily Express Heinrich Hoffman was a key part in the making of the Hitler legend, the photographer who carefully crafted the image of the Fuhrer as a godlike figure. Hoffmann published his first book of photographs in 1919, following his work as an official photographer for the German army. In 1920 he joined the Nazi Party, and his association with Hitler began. He became Hitler’s official photographer and traveled with him extensively. He took over two million photographs of Hitler, and they were distributed widely, including on postage stamps, an enterprise that proved very profitable for both men. Hoffmann published several books on Hitler in the 1930s, including *The Hitler Nobody Knows* (1933). Hoffmann and Hitler were very close, and he acted not only

as a personal confidante—his memoirs include rare details of the Führer—but also as a matchmaker; it is Hoffmann who introduced Eva Braun, his studio assistant, to Hitler. At the end of the war, Hoffmann was arrested by the US military, who also seized his photographic archive, and was sentenced to imprisonment for Nazi profiteering. This edition of a classic book includes photographs by Hoffmann and a new introduction by Roger Moorhouse. “An extraordinary new book of photographs of Adolf Hitler includes one that so embarrassed him he banned it from being published. It shows the Führer in his lederhosen, striking an absurdly camp pose as he leans against a tree.”—The Times

question: How did the early, defining years of Hitler's life affect his rise to power? When Adolf Hitler went to war in 1914, he was just 25 years old. It was a time he would later call the "most stupendous experience of my life." That war ended with Hitler in a hospital bed, temporarily blinded by mustard gas. The world he eventually opened his newly healed eyes to was new and it was terrible: Germany had been defeated, the Kaiser had fled, and the army had been resolutely humbled. Hitler never accepted these facts. Out of his fury rose a white-hot hatred, an unquenchable thirst for revenge against the "criminals" who had signed the armistice, the socialists he accused of stabbing the army in the back, and, most violently, the Jews—a direct threat to the master race of his imagination—on whose shoulders he would pile all of Germany's woes. By peeling back the layers of Hitler's childhood, his war record, and his early

political career, Paul Ham's *Young Hitler: The Making of the Führer* seeks the man behind the myth. More broadly, Paul Ham seeks to answer the question: Was Hitler's rise to power an extreme example of a recurring type of demagogue—a politician who will do and say anything to seize power; who thrives on chaos; and who personifies, in his words and in his actions, the darkest prejudices of humankind?

Simon Mawer, author of the Man Booker-shortlisted *The Glass House Salzburg, 1945*: Eugen Reczek, a middle-aged Austrian desk clerk, is interned by the American occupiers. The reason: he is Hitler's Jugendfreund – 'The Friend of the Führer's Youth'. *Linz, 1905*: An upholstery apprentice by day and fledgling violist by night, Eugen meets fifteen-year-old Adolf Hitler at the local opera, and for the next four years they see each other almost daily. Eugen is captivated but also troubled by Hitler: his almost complete isolation, his morbid preoccupation with his dead father, and his obsession with a young woman to whom he has never said a word. They move together to Vienna – Adolf to study art; Eugen to study music – but as Adolf's money runs low, he becomes increasingly drawn to the racist gutter press of Vienna, and so to hatred: of women, of sex, of all things sensual. When Eugen begins a

relationship with the Jewish mother of one of his piano students, it is only a matter of time before their suppressed conflict will ignite. Now, with the Third Reich in ashes, Eugen sits in a barren room writing his memoir. In a voice by turns intelligent, sceptical, pained, nostalgic and appalled, he tries to come to terms with the course of his own life and with the unfathomable criminality of his boyhood friend – his Hitler.

The dark story of Adolf Hitler's life in 1924--the year that made a monster Before Adolf Hitler's rise to power in Germany, there was 1924. This was the year of Hitler's final transformation into the self-proclaimed savior and infallible leader who would interpret and distort Germany's historical traditions to support his vision for the Third Reich. Everything that would come--the rallies and riots, the

single-minded deployment of a catastrophically evil idea--all of it crystallized in one defining year. 1924 was the year that Hitler spent locked away from society, in prison and surrounded by co-conspirators of the failed Beer Hall Putsch. It was a year of deep reading and intensive writing, a year of courtroom speeches and a treason trial, a year of slowly walking gravel paths and spouting ideology while working feverishly on the book that became his manifesto: Mein Kampf. Until now, no one has fully examined this single and pivotal period of Hitler's life. In 1924, Peter Ross Range richly depicts the stories and scenes of a year vital to understanding the man and the brutality he wrought in a war that changed the world forever.
