Understand Accounts In 90

In just 90 minutes (plus a few extra bits) Packed with tools to help you think big, grow fast and build a successful business A mixture of wisdom, teaching and success stories from Nigel Botterill and the entrepreneurs he has helped

Accounting practice, whether in business or government, is more dynamic, more complex, and addresses a wider array of issues than it did as little as five years ago. Significant and rapid social, political, technological and economic changes are taking place in the world economy and it is increasingly recognised that accountants in all countries play a key role in the process of economic development. Accounting education is undergoing a thorough review on a worldwide basis and major

Understand Accounts In 90 Minutes In Ninety Minutes

developments are taking place to produce quality accounting education that can keep pace with dramatic world change. This book provides an up-to-date view of the state of accounting education throughout the world and focusses on the global challenges facing accounting education as we approach the millenium.

Understanding Excessive Teacher and Faculty Entitlement develops a body of professional knowledge by providing a deeper understanding of what manifests itself as 'excessive entitlement', by presenting a theoretical framework within which one can investigate issues and helps those concerned with education and teacher education.
